

Replacement radiators - Compact Panel

The Replacement rad are planned to be the ideal solution for the replacement of old DIN rads.

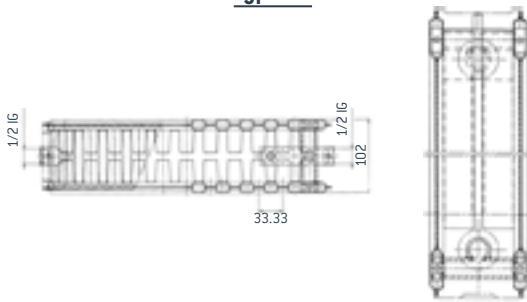

The Replacement rads are available only for 22 and 33 Compact Panel.

The rads have the upper grill and side covers, without back supports. No brackets included in the package. Height 960 model has the same tappings centre distance by both sides and has the back supports.

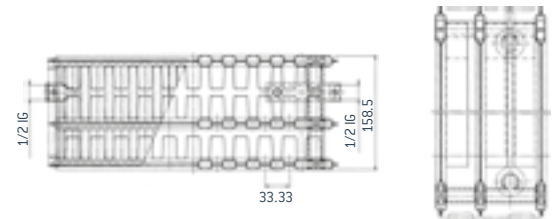

Height	300	400	500	600	700	960
Tappings centre side 1 (special distance)	200	300	400	500	600	900
Tappings centre side 2	240	340	440	540	640	900

For the lengths available , see following tables
Price on demand

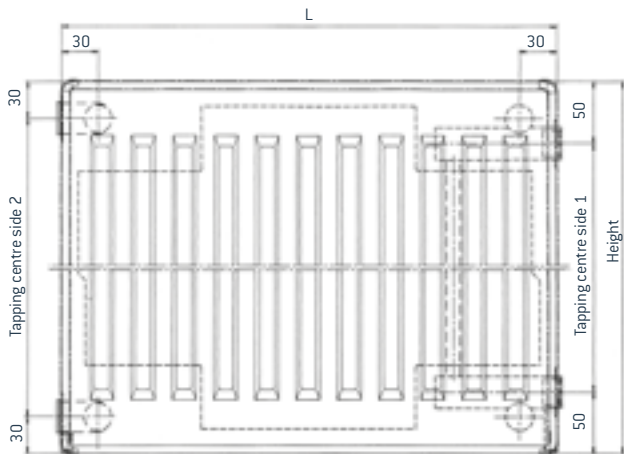

Type 22

Type 33

Heights 300 - 400 - 500 - 600 - 700
